Published by Finmatrix Financial Research Desk | https://finmatrix.cloud

Key Strategic Framework & Action Items:

1. Extra Principal Impact: Every dollar prepaid directly reduces compound interest.
2. Bi-Weekly Payments: 26 half-payments equals 13 full payments per calendar year.
3. Recast vs Refinance: A recast lowers monthly payment without resetting term.
4. Break-Even Horizon: Refinance closing costs must be recouped within 24-36 months.
5. Tax Considerations: Compare standard deduction vs mortgage interest itemization.
